The discussion of Eve is out of order. She was a side issue.

HERE is congratulations to Mr. and Mrs. Chester I. Long and their girl baby.

WILL some kind republican editor tell us what the house has done since congress met?

THE loan companies are closing up the taxes on all property held, showing their confidence in Kansas.

THE name of the Missouri Pacific agent at Larned is Popkies. It is said the Larned girls like that kind.

AN Iowa paper that is not posted declares that Kansas has raised nothing the past five years but the age of consent.

EDUCATION is all right, just so it does not make the victim too smart to work, and prevents him from making a fool of himself.

A Mr. Bower of Burlington is 100 years old. As his wife is dead, he is the left Bower, and Death, will soon order him up. May he prove a good trump.

THE employes of Fred Close's pop daily had to sue for their wages last week. That is a sample of pop financing. A daily paper cannot be run on wind.

YES, indeed, war is a sad thing! No one knows how it jerks on a farmers heart strings to see his China Cochins lifted up by the heels and strapped to a saddle.

SPEAK to a republican of Chester I. Long and he tells you of the number of pension claims he is pushing. There is something else this country needs besides pensions.

VICE-PRESIDENT Stevenson is right. England can only change the boundaries of Alaska by whipping the United States, and John Bull has had some experience in that line.

THE pops have been put to sleep in New York. They polled less than 1 per cent of the vote in that state last November and the law will not allow the names of their party candidates to be printed on the official ballot.

A Kingman man after three days of married life is missing. Grave doubts exist as to whether he is sitting around in a hayloft somewhere meditating on the price of spring bonnets or has merely drowned himself.

A WESTERN paper tells of a fellow who, every time he gets on a spree, insists on paying a year's subscription to his town paper. He has already paid to Jan. 1, 1947. An effort should be made to ascertain what brand of whiskey the fellow is using that it may be more generally put on the market.

THE Kellogg Enterprise records the fact that the Criterion Comedy company played the "Hidden Hand" in that town last Monday night and the "Fatal Wedding" on Tuesday night. Perhaps if they had not played the hidden hand there would have been no fatal wedding.

THE wife of Hon. Sam L. Hale of La Crosse was admitted to the bar last week and the firm is now Hale & Hale. It is said that when Mrs. Hale came into court the lawyers took their heels off the table and quit expectorating and whistling; the judge put his legs under the bench where they belonged, instead of on top of it, and a man was hired to sweep out the court room.

CAN a man be a christian who enjoys a full meal, knowing that his neighbor is hungry? It's easy enough for him to be a church member and see his brother an hungered without feeding him; athirst without giving him drink, naked without clothing him; in prison without visiting him; but between yourself and your God do you think he can be a christian?

How would Richard Olney, Cleveland's great secretary of state, do for the democratic nominee for President? He is certainly entitled to a great deal of credit for the vigorous foreign policy adopted by the administration and he would as certainly be immensely popular with the great mass of the American people. A half a million republicans would vote for him. We nominate for president, Richard Olney; for vice-president, Henry Waterson.

IN order to show some of our Populist friends that some of their influential leaders are getting disgusted with their party, we wish to quote a short article from the Independence Star and Kansan, the cleanest Populist journal published in Kansas. It says: "Our criticism of the Populist party is friendly and it is deserved. We are not on top in Kansas and throughout the northwest to-day because our leadership has been selfish and self-seeking. Education is all right; but no amount of education will ever induce the great mass of the people to rush to the standards of a party whose leaders they distrust. Every reform movement is judged by the character of the men who are at the front. If it appears that where Populists are in office they are just as eager for big salaries and the loaves and fishes of official position, as the leaders of the old parties, you will never see a populist wave sweeping

over the country. It is eternally true, that a reform party must be a party of heroes. The old abolition party was such a party, and it proved the leaven that leavened the whole lump of the American people. We can't run with the hare and hunt with the hounds. We can't overthrow abuses in the government and profit by them at the same time. It was because the Populist party placed itself in the position of trying to perform that impossible feat, that it is in a minority in Kansas today."

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osmond,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kitchel,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
